Conference Call Etiquette:

1. Call in 5 minutes prior to your hearing time.
2. Use a land line, when possible, so that the Court can hear you more clearly and for the benefit of the ECRO recording.
3. When you call in, place your phone on mute. Only unmute your phone when your case is called.
4. Please do not put your phone on speaker when talking as it is difficult for the Court to hear you clearly.
5. Do not place your phone on HOLD. This often causes music to be played which everyone else on the call will hear and it interferes with the ECRO recording.
6. Announce your name EACH time you begin speaking.
7. Speak slowly and clearly.
8. Do not interrupt speakers.
