

**NOTICE OF OPPORTUNITY TO SUBMIT  
COMMENTS REGARDING CHAPTER 13 PLAN FORM**  
*(Deadline July 31, 2017)*

Federal Rule of Bankruptcy Procedure 3015, which will become effective December 1, 2017, requires the use of an official chapter 13 plan form unless a district instead adopts a local plan that meets the requirements of FRBP 3015.1.

The Judges of this Court appointed a subcommittee to the Bench and Bar Committee to study our District's existing Chapter 13 Plan and to make recommendations how it should be revised to meet the requirements of the new rules. As a result of that subcommittee's work, and input received from the Bench Bar Committee, the Judges have now preliminarily approved a revised Chapter 13 Plan.

Before adopting that new Plan, the Judges of this Court invite public comment. The Judges specifically request that any comment you make be detailed, indicating not only what specific provision is the subject of your comment, but also providing proposed substitute language as well as the basis for your suggestion why the language should be revised. All comments should be in writing and submitted in letter form, addressed as follows and *received* by the Clerk by **July 31, 2017**.
